

EPCOT

EPCOT, the Experimental Prototype Community of Tomorrow, as initially dreamt up by Walt Disney himself, is made up of two lands and is the second largest theme park on Walt Disney World property. Future World and World Showcase bring together science, technology, and the arts...or the arts of food and wine, depending on how you prefer to look at it. There are plenty of family favorite attractions in both lands, so having a solid game plan will ensure you don't miss anything EPCOT offers.

Our team members at The Park Prodigy have put together this itinerary for you to get the most out of your day at EPCOT! It has been updated to avoid long lines and crowds and maximize your time in the parks. One of the essential aspects to help make the most out of your time in the parks is to A) arrive early and B) leave late when you can. We recommend arriving 30 minutes before the park's opening, allowing you to take advantage of lower wait times on some of the most popular attractions.

Please note that, unlike the other three theme parks, EPCOT has two entrances, one in the front of the park and another connected to the Disney Boardwalk in the back. It is also essential to note that Future World and World Showcase have different opening times.

This EPCOT itinerary does NOT include a midday break and does NOT include the use of Disney Genie+. It's also important to note that Disney's newest ride, Guardians of the galaxy Cosmic rewind, can only be accessed through the Disney World virtual queue. Therefore, we have not included it in our planned itinerary; but be sure to try to join the virtual queue for Guardians of the Galaxy the morning of your EPCOT visit at 7:00 AM using the My Disney Experience APP.

EPCOT ATTRACTION PRIORITY LIST

WHEN CREATING A CUSTOM PLAN
