

UNIVERSAL STUDIOS

Get whisked away into a world of blockbuster entertainment, adventure, and excitement at Universal Studios Orlando! There are plenty of things to see and do, from Diagon Alley at the Wizarding World of Harry Potter, to encountering mischievous Minions and Ogres. Universal Studios has the perfect mix of thrill rides like Rip Ride Rockit, to classics such as E.T. and Men in Black Alien Attack.

Our team members at The Park Prodigy have put together this itinerary for you to get the most out of your day no matter if you have Universal Express passes or not! We have learned that the most important things to do to make the most out of your time in the parks is to A) arrive early and B) stay late when possible. We recommend arriving 30 minutes ahead of park opening which will allow you to take advantage of lower wait times on some of the most popular attractions.

This custom Universal Studios Itinerary also takes into account that you will have Universal Early Admission which is included with all Park Prodigy tickets! Be sure to check out the Universal Orlando website to confirm which day Early Park Admission will be held at Universal Studios during your trip!

This park plan should ideally be used during low or moderate crowds at the parks, however it has been optimized to also help families planning during heavily crowded days. The projected wait times below are from an 8/10 crowd level day on our Universal Orlando Crowd Calendar. This Universal Studios itinerary does NOT include a midday break and we find it to be best suited for families with older children and young teens. Be sure to check out the Universal Orlando height restrictions for all rides if you're visiting with small children.

Please note that this Universal Studios Itinerary does not include a trip on the Hogwarts Express, but you can simply mix and match which rides work best for you!
