

HOLLYWOOD STUDIOS

Lights, camera, action! Disney's Hollywood Studios is home to a few of the more thrilling attractions on the property, including the Twilight Zone Tower of Terror and Rock 'n Roller Coaster. It is also home to two of the newest attractions in Star Wars Rise of the Resistance and Mickey and Minnie's Runaway Railway. Throw in the addition of Toy Story Land, Star Wars Galaxy Edge, and the long list of live shows. This theme park has something for guests of all ages.

Our team members at The Park Prodigy have put together this itinerary for you to get the most out of your day at Hollywood Studios! It has been updated to avoid long lines and crowds and maximize your time in the parks. One of the essential aspects to help make the most out of your time in the parks is to A) arrive early and B) leave late when you can. We recommend arriving 45 minutes before the park's opening, allowing you to take advantage of lower wait times on some of the most popular attractions.

This Hollywood Studios itinerary does NOT include the use of Disney Genie+ and does NOT include a midday break. We find it best suited for families with older children and young teens. It's also important to remember that you will have to move some attractions around depending on the time of year you visit and how long the wait for Star Wars Rise of the Resistance is, as this is one of the most popular rides in all of Walt Disney World. We hope you find this itinerary helpful so let's jump right in!
