Don't worry, Universal Orlando has created the ultimate immersive experience for a once in a lifetime dream vacation. Whether your mystical journey begins in Diagon Alley or Hogsmeade Village, we have the perfect park plan for any witch, wizard or muggle.

This custom Universal Orlando Wizarding World itinerary also considers that you have Early Park Admission is included with all Park Prodigy multi-day tickets. Early Park Admission allows you to enter either Universal Studios or Islands of Adventure one hour earlier than park open. Early Park Admission is exclusive to the Wizarding World of Harry Potter and is necessary with how wildly popular both parks have become over the years. Especially with the addition of Hagrid's Magical Creatures Motorbike Adventure, which is one of the best attractions in all central Florida.

Even with Early Park Admission, we recommend showing up to the parks roughly an hour before the doors open. That gives you and your party time to use the restroom, ensure your tickets are good to go, and go over our Park Plan so you don't miss a second in the park. This is also a great time to grab a bite to eat at the Starbucks or Cinnabon in CityWalk, since for the first couple hours of your park plan will involve getting on all the popular, long-wait attractions.

Our Wizarding World itinerary can be used for either Universal Orlando Park. Whether you want cast spells on the streets of Diagon Alley or if you want to get lost inside of Hogwarts School of Witchcraft and Wizardry in Hogsmeade Village, we have the perfect park plan for you.

If starting in Hogsmeade Village, our Park Plan will have you head straight to Harry Potter and the Forbidden Journey to take advantage of your Early Park Admission. Doing so will allow you the lowest wait time, then leaving a ton of time to enjoy other areas of the park. The iconic Three Broomsticks restaurant is also available to offer you a delicious feast or cold glass of Pumpkin Juice!
