

## UNIVERSAL ORLANDO FOR NON-COASTER ENTHUSIASTS

Get ready to be stunned by incredible technology, action packed thrills, and movie star adventures at Universal Orlando. Universal Orlando is home to some of Orlando's most popular thrill rides such as Hagrid's Magical Creatures Motorbike Adventure and Jurassic World VelociCoaster. However, all guests can enjoy Universal Orlando since they offer a wide range of attractions for everyone to enjoy.

This custom Universal Orlando non-coaster itinerary also considers that you have Early Park Admission which is included with all multi-day Park Prodigy Universal tickets. Early Park Admission allows you to enter either Universal Studios or Islands of Adventure one hour earlier than park open. Early Park Admission is exclusive to the Wizarding World of Harry Potter and is necessary with how wildly popular both parks have become over the years.

Even with Early Park Admission, we recommend showing up to the parks roughly an hour before the doors open. That gives you and your party time to use the restroom, ensure your tickets are good to go, and go over our Park Plan so you don't miss a second in the park. This is also a great time to grab a bite to eat at the Starbucks or Cinnabon in CityWalk, since for the first couple hours of your park plan will involve getting on all the popular, long-wait attractions.

Our non-coaster itinerary is perfect for those who like to sit back, relax, and enjoy the show. Whether you want to marvel in the cutting-edge fusion of stagecraft and film in the Bourne Stuntacular or hear the a cappella stylings of this small choir of Hogwarts students performing familiar wizarding songs, we have the perfect park plan for you.

Universal has a lot to offer besides the big attractions that may make some feel sick. The most popular is just exploring what the Wizarding World of Harry Potter has to offer. From the shops in Diagon Alley to the details in the windows and interactive wand experiences throughout Diagon Alley and Hogsmeade, you will be blown away by how much you can see and do in the Wizarding World without riding any of the attractions.

\* Estimated Wait Time
